Profile Info

I'm a senior web developer with over 8 years of experience in building high-quality websites. My skills and experiences range from building responsive mobile sites that work perfect cross-browser to building scalable websites for any industry. I provide 100% guarantee on the quality and reliability of the code. It's important to me to build long-term relationships with my clients, so I'm primarily looking for long-term projects.

Experience

Sr. Web Programmer
Anthony Media Group (2018 - Continue)

"It has been a pleasure working with Usman. He is extremely hardworking, professional, effective, responsive, and talented. We look forward to working with Usman for years to come!" (United States)
